

In 2004, she was commissioned as a distinguished military graduate from the University of Utah ROTC Program and received her bachelors of science degree in nursing from Westminster College, Salt Lake City, UT.

On her initial assignment as a lieutenant, she served as a staff nurse on a 32-bed multidisciplinary medical-surgical unit at the Carl R. Darnall Army Medical Center at Fort Hood, TX. She then attended the Critical Care Nurse Course at Brooke Army Medical Center, BAMC, in Fort Sam Houston, TX, where she began working as a clinical staff nurse in the surgical trauma intensive care unit at BAMC.

In 2009, she deployed with the 10th Combat Support Hospital out of Fort Carson, CO, to Baghdad, Iraq, where she worked as a critical care nurse. Shortly thereafter, she began working as the 2nd Brigade ROTC nurse counselor at Fort Dix, NJ. She completed her time with ROTC in May of 2012 and was selected for long-term health education and training through Widener University, where she received a master's in nursing. After graduating as a critical care clinical nurse specialist, Lieutenant Colonel Eccleston was assigned to Madigan Army Medical Center in Fort Lewis, WA, where she oversaw policy and quality of practice in three intensive care units.

Prior to her current assignment, in the summer of 2018, Lieutenant Colonel Eccleston was selected to serve as the executive nurse fellow to the Chief and Deputy Chief of the Army Nurse Corps.

After graduating as a critical care clinical nurse specialist, Lieutenant Colonel Eccleston was assigned to Madigan Army Medical Center at Joint Base Fort Lewis-McChord, WA, where she oversaw policy and quality of practice in three intensive care units.

Montanans and all Americans owe LTC Sarah Eccleston the deepest gratitude for her decade of active service to this Nation. I wish Sarah and her family all the best as they continue their journey of service.

TRIBUTE TO NORMA KAEHLER

• Mr. INHOFE. Madam President, I am pleased to recognize Mrs. Norma Kaehler on the occasion of her retirement. Norma has been a hero of the aviation community for more than two decades. Most recently, she served as the managing director for government and corporate affairs at American Airlines Group.

Not many may remember this, but Norma got her start on Capitol Hill working for Senator Mack Mattingly of Georgia, and she never forgot that taking care of constituents is our No. 1 priority around here. She has always worked on behalf of the employees of American Airlines on Capitol Hill, tens of thousands of airline pilots, mechanics and maintenance personnel, flight

attendants, gate agents, and everyone in the back office—all responsible for ensuring planes depart and land on time—have benefited from her advocacy on their behalf. I can personally attest to this during her tireless advocacy of legislation I sponsored that protected the retirement benefits of American Airline employees after the 2013 merger.

In the course of her career, Norma Kaehler has worked for multiple airlines: Trans World Airlines, American Airlines, and American Airlines Group; and she played a major role in every FAA reauthorization bill enacted by Congress. Through it all, Norma remained an unflappable, passionate advocate for aviation. I know I join her family and American Airlines in thanking Norma for her years of service and contributions to the aviation community.

Congratulations on your retirement. We will miss you around here.●

TRIBUTE TO JULIUS P. KNAPP

Mr. WICKER. Madam President, I rise today to commend Julius “Julie” P. Knapp for his service to our Nation during the past 45 years. Mr. Knapp retires this month from his position as the FCC’s Chief of the Office of Engineering and Technology, OET, where he helped usher in the modern age of communications and was instrumental in making spectrum available to fuel our Nation’s economic growth in this area. If you are accessing a mobile device right now, using Wi-Fi, or buying the latest wireless gadget, you are likely benefiting from Julie Knapp’s work.

Mr. Knapp is well known and respected here in Congress for his technically precise and straightforward testimony at countless hearings. Mr. Knapp is a world-recognized expert in communications and is widely viewed as a leader on technical policy issues because of his expertise, his pragmatic and fair approach, and his ability to “translate” complex engineering issues to policymakers on all sides of an issue. He has briefed generations of congressional staffers on the intricacies of spectrum management and provided significant and substantial input on spectrum legislation. Many Members of this body have discussed communications industry developments with Julie, including low power FM, wireless and satellite issues, 4G LTE, Wi-Fi, and 5G, among others.

When the public looks at Julie Knapp’s career, we can see a parallel to the timeline of America’s communications industry’s growth. He graduated from high school in New Hyde, NY, in 1969, and he received his engineering degree from the City College of New York in 1974. Less than a month later, he went right to work for the American people. He rose through the ranks at the FCC, beginning as a 22-year-old certifying radio frequency devices and growing into a seasoned professional in the increasingly important equipment

authorization branch. He became Chief of the FCC laboratory, Chief of the Policy and Rules Division for OET, and finally Chief of OET, where he has served with extraordinary distinction since 2006.

Mr. Knapp’s outstanding work has brought him numerous awards and accolades within the government and in the engineering community. In 2012, he received one of the highest honors for a civil servant, the Presidential Distinguished Rank Award. He also has received the FCC’s Gold and Silver Awards and the Eugene C. Bowler Award for exceptional professionalism and dedication to public service.

Mr. Knapp has served the United States through multiple administrations, never asking for more than the opportunity to make a difference—and along the way, making a lasting, positive impact. He epitomizes the concept of civil service. We all owe Julie Knapp a debt of gratitude and our sincerest thanks for dedicating his life to building America’s communications systems and making these services universally available to all of us and for doing so with grace and humility.

ADDITIONAL STATEMENTS

REMEMBERING PAUL “PETE” DYE, JR.

• Mr. RUBIO. Madam President, today I honor the life of Paul “Pete” Dye, Jr., who was a legend in the sport of golf and the most iconic golf course architect in the modern era. Just one of five architects to be inducted into the World Golf Hall of Fame, his death on January 9, 2020, marks an end to an illustrious career of dedication and contribution to the sport.

Born on December 29, 1925, in Urbana, OH, Dye was first introduced to golf by his father, who built Urbana Country Club, a nine-hole course on their family’s land in Champaign County. As a high schooler, Dye won the State championship and went on to medal in the State amateur golf championship.

While many know Dye as an iconic course designer, he was also deeply committed to our great Nation. In 1944 at the age of 18, Dye enlisted in the U.S. Army during World War II.

Dye leaves behind an extraordinary legacy, including the world-renowned “Island Green,” the 17th hole at TPC Sawgrass in my home State of Florida, where Dye lived for many years. Florida was a special place for Dye, and it was also where he met his wife, Alice Holliday O’Neal, while he was enrolled at Rollins College. They went on to have two sons, P.B. and Perry, who to this day have continued their father’s work, honoring him by designing courses under the Dye Designs banner.

With immense gratitude for his work and service, I am honored to pay tribute to Pete’s life.●
